A6

AESTHETIC

- **Minimal color changes expected during the treatment**
- **Stability against corrosion***
- **Same G4™ and S3™ standard dimensions**

Engineered by G&H® Orthodontics, the world's leading manufacturer of premium archwires, the **A6™ Aesthetic Archwire** delivers precise control and treatment outcomes.

Available in G4™ Nickel Titanium and S3™ Stainless Steel, it combines the trusted performance of our standard archwires with enhanced aesthetics.

While G4™ optimizes treatment with advanced shape-memory properties, S3™ provides exceptional durability and flexibility for precise adjustments—both seamlessly complementing all cosmetic bracket treatments.
